Finding Better Solutions for More Than A Century

Since 1899, Miele has created thoughtfully designed, precisely engineered home appliances that fulfill the company’s founding promise of ‘Immer Besser’ — a German phrase meaning ‘Forever Better.’ Our company’s pursuit of excellence and commitment to uncompromising quality has never been simply about better home appliances. Instead, it has always been about discovering and developing ways to help our customers ‘live better.’

Designed for longevity and durably crafted, our full suite of home appliances delivers many years of exceptional performance. Our functionally superior solutions and intuitive technology complement your passion for a beautiful, healthy and comfortable home, while our distinctive, refined designs suit any kitchen décor. So whether you’re putting away brilliantly clean dishes or talking with guests as dinner warms, you’ll savor the quiet confidence and gratification of a job well done — and a life well lived.

Miele places great importance not only on the quality and longevity of the products themselves, but on the results they achieve. For this reason, Miele offers a wide range of original accessories. They are designed to make your life easier and your appliances more efficient and effective. So whether it’s a Miele gourmet baking dish with a special non-stick coating or a parquet floorbrush with a flexible joint, you know you are getting the very best.

Our comprehensive range of accessories are available from your local authorized Miele dealer or by visiting mielestore.com.

Better Tasting Results
Miele’s steam oven offers genuine flavor, color and consistency. The result? Excellent food quality with flawless taste.

Healthy Cooking. Complete Meals. All for a Better Life.
Steam ovens have typically been associated with healthy cooking and healthy living, mainly focused on the steaming of vegetables. While vegetables are something our steam oven cooks particularly well, they are not the only food whose nutritional value you can enjoy.

With the steam oven’s external generator, a protective layer of steam envelops each level of food, quickly and effectively locking in all vitamins and nutrients that can typically be lost through conventional cooking methods. You’ll feel, look and taste the difference with each new meal you create and be on your way to living a healthier and better lifestyle.

The interior of the steam oven has capacity for four trays, allowing you to cook your family meal — main course, side dish and dessert — quickly and all at one time. Salmon, shrimp and steamers. Poultry and rice. Beef cubes, complete stews and even meatballs. Top it off by creating a variety of fabulous desserts like bread pudding or cinnamon apples.

Intuitive Programs
Using the steam oven is easy with intuitive MasterChef touch controls that don’t leave you guessing. Cooking temperatures and times are automatically set based on the food you are cooking. The programming even suggests ways to season and prepare the foods to get the most flavorful results.

Full Steam Ahead
Join us at one of our 10 nationwide Galleries for a steam oven cooking class, ‘Full Steam Ahead’. A Miele product specialist will walk you through the benefits of the steam oven, giving you step-by-step instructions.

MOLTEN CHOCOLATE CAKES
Serve these individual steamed cakes while still warm — the soft chocolate center oozes when cut into.

Serves: 8  
Cooking Time: 6 Minutes  
Preparation Time: 10 Minutes  
Ingredients:  
6 oz. semi sweet chocolate chips or chopped bittersweet chocolate  
6 tablespoons unsalted butter  
3 tablespoons brewed espresso  
3 large eggs and 3 large egg yolks  
1/3 cup sugar  
3 tablespoons flour  
1 large pinch salt  
1 teaspoon vanilla  
Vanilla ice cream, for serving

Directions:  
Combine chocolate, butter and espresso in medium saucepan. Heat over low heat, stirring occasionally, to melt chocolate. Allow to cool slightly.

In a medium bowl, whisk whole eggs, yolks and sugar together until well combined. Whisk in flour and salt, followed by melted chocolate and vanilla. Pour through a fine mesh strainer to remove any lumps.

Distribute mixture evenly among 8 espresso cups or small ramekins. Place espresso cups in small perforated steam tray and slide into oven or place ramekins directly on steam oven rack.

Steam on CUSTOM or COOK mode for 6 minutes. When tone sounds, check that cakes are puffed and toothpick inserted in center comes out with moist batter attached. Steam for an additional minute or two, if necessary. Serve warm in the espresso cups topped with the ice cream.

Mix and Match Attachments

For greater efficiency and precision, Miele has developed a full range of attachments that clean every corner and crevice where dust is likely to gather. Suitable for most Miele canisters and full-size uprights, these cleaning tools easily attach to your vacuum’s flexible suction hose or telescopic wand.

A. Extended Crevice Tool (SFD 10)
This extra long crevice nozzle cleans easily in narrow spaces like behind beds and between car seats.

B. Extended Flexible Crevice Tool (SFD 20)
Excellent for reaching around furniture and appliances, this extended flexible crevice nozzle bends easily and cleans efficiently.

C. Flexible Suction Hose Extension (SFS 10)
Excellent tool for cleaning stairs, car interiors or other areas that require a long reach from the vacuum. Extendable up to 5 feet for an unmatched operating radius. For straight suction, non-electric canister vacuums.

D. Radiator Brush (SHB 20)
Durable yet gentle, this bristled brush works its way into crevices to clean dust from radiators, vents, refrigerator coils, air conditioners or decorative vases.

E. Mattress Tool (SMD 10)
This wide, flat nozzle lets you reach between mattresses and bed frames to clean every last bit of dust and debris.
A. Natural Bristle Dusting Brush (SSP 10)
With soft natural bristles, this tool cleans delicate surfaces like sculptures or picture frames gently but effectively.

B. Extra Wide Upholstery Nozzle (SPD 10)
This extra wide cleaning tool makes easy and faster work of pulling stubborn pet hair, lint and dirt from upholstery and curtains.

C. Universal Brush (SUB 10)
Durable yet gentle, this universal brush features robust bristles to clean larger areas like bookshelves or ceiling fans.

D. Flexible Universal Brush (SUB 20)
With soft bristles and a swiveling neck, this universal brush is perfect for dusting bookshelves, mantles, moldings, ceiling fans and sculptures.

E. Hygiene Cap (SHV 10)
Features active charcoal pellets that enable the canister vacuum to be stored separately from the suction hose while retaining odors and unpleasant smells.

Experience Miele Firsthand
Miele has ten Galleries throughout the United States. These inspirational resource centers are staffed with knowledgeable, friendly associates ready to provide you with in-depth product demonstrations, unforgettable events and a wealth of ideas for your home and lifestyle.

Events
Each Miele Gallery has its own calendar of events. These events are open to the public. Events include:

Product Cooking Presentations:
Experience Miele’s complete line of kitchen appliances ranging from cooking surfaces and ovens to ventilation hoods and premium coffee-making systems. Savor a wide array of freshly prepared cuisine while in a relaxed and informative presentation.

MasterChef Classes:
Discover or enhance your culinary expertise while preparing a savory meal. Hands-on classes provide an in-depth opportunity to develop your skills while gaining personal experience with our state-of-the-art cooking appliances.

Full Steam Ahead Classes:
Explore all of the menu possibilities that our Steam Oven has to offer. A Miele product specialist will walk you through the benefits of the steam oven, giving you step-by-step instructions and hands-on cooking experience.

Riedel Wine Tastings:
A unique and fascinating wine glass tasting, where a Riedel representative will demonstrate the relationship between the shape of a glass and your perception and enjoyment of wines.

Other Happenings:
Miele Galleries play host to charity events, gourmet cooking classes, NKBA Lunch & Learn seminars, corporate team building outings and are available to rent out for private affairs.

Miele Gallery Locations:
Beverly Hills, CA  Boca Raton, FL
Boston, MA  Chicago, IL

At the heart of every appliance within Miele’s integrated, standard setting range are better solutions to everyday tasks. How can the integrity of food and wine be preserved longer? How can high-quality garments and flooring be cared for easier? How, ultimately, can quality of life be enhanced for those who make Miele an integral part of their life?

Our company’s pursuit of excellence and commitment to uncompromising quality has never been simply about better home appliances. Instead, it has always been about discovering and developing ways to help our customers ‘live better.’
